The procedure shall be that the Owner shall cause written application to be made to SICC. The SICC may require additional information and may approve, approve conditionally, or disapprove the application.

The approval may be conditional and if the Owner violates any condition set out, the SICC/Board can require the additional structure to be either made in compliance with the written authorization or removed. It is the property owners' responsibility to obtain the necessary permits from Henderson County.

12. Divided Lots: No Lot shall at any time be divided and no portion of any one Lot shall be conveyed, unless with Board notification, a portion of one Lot is conveyed to an Owner on one side and the entire remaining portion of the Lot is conveyed to an Owner on the other side. - A. A home business, which does not cause traffic, noise or odors.
- B. The marketing and sales of homes or Lots in the Planned Community.

16. Association Rights: There is reserved to the Association the following rights:

A. Easements:

Owner's Easement: Every Owner shall have a right of enjoyment in and to the Common Areas and the easement shall attach to and pass with the title to the Lot. Such rights are subject to suspension for failure to pay Assessments or fees when due, for breach of this Declaration or Rules & Regulations, and to the right of the Board to limit guest use of the Common Elements.

Easements of the Association and Others: For the benefit of the Association and each Lot Owner, there exist easement through the Common Areas for all persons making use thereof for the purpose on ingress and egress. There exist easement through each Lot for maintenance, repair and replacement of Common Areas, and for all facilities and furnishing of underground utility services.

Utility Easements: There is hereby created a blanket easement upon, across, over and under all of the Planned Community for ingress, egress, installation, replacing, repairing, and maintaining all utilities, including a ten (10) foot strip across the front of each Lot and across any portion of a Lot which lies within forty-five (45) feet of the center of Etowah School Road. However, in no case shall any home/building be closer than ten (10) feet to another non-attached home/building or the exterior project boundary.

Roads: The Owner of every Lot shall have an easement for ingress and egress over the existing roads in the Planned Community.

B. The right, but not the compulsion, from time to time, to spray pesticides to control mosquitoes or other bug infestation.

C. Amending of Covenants/Declaration: This Declaration of the Association may be amended only as provided for in #47F-2-117 of the Planned Community Act, as amended in 2010: "Declaration may be amended only by an affirmative vote or written agreement signed by Lot owners of Lots to which at least sixty-seven (67%) percent of the votes in the Association are allocated or any larger majority the Declaration specifies ...".

D. The Board directly or through the SICC, may control and restrict the streets shown on the Plat as to parking, maximum rate of speed, placement and compliance with stop signs, and such other control as to provide for the safety and tranquility of the Owners in a community whose purpose is to respond to the requirements of persons age fifty-five (55) and older and their guests, provided that neither the Board or the SICC is required or obligated to take any action under this provision and is not responsible for any improper operation of any motor vehicle on any street in the subdivision.

17. Leasing: Riverwind, as a community of person age fifty-five (55), has a goal of being one hundred percent (100%) owner occupied. Leasing is therefore discouraged. In rare circumstances, an owner may request consideration by the Homeowners Association Board for leasing his or her property within the limitations of this paragraph. No Owner shall be permitted to lease any Home Site for transient or hotel purposes. No Owner may lease less than the entire Home Site, or the entire Home Site for a period of less than one (1) year. Notwithstanding, this temporary occupancy of Home Sites shall be permitted by purchaser or sellers of Home Sites to facilitate the transfer of a Home Site from the seller to a purchaser. (By way of example, by agreement between the seller and the purchaser, a seller may continue to occupy a Home Site after its sale, or a purchaser may occupy a Home Site prior to closing on the purchase) Any lease agreement shall be in writing and shall provide that the terms of the lease shall be subject to the provisions of these Covenants, the Charter and the By-Laws of the Association, and the Rules and Regulations adopted by the Board which responds to the needs and the spirit of a community of persons fifty-five (55) and older, and that any failure by the lessee to comply with the terms of such documents shall be a default under the lease.

18. Storage Receptacles: All garbage and trash shall be stored in a rigid plastic barrel, which may be maintained next to the dwelling, but only within an enclosure placed and maintained by the owner and approved by the SICC/Board. The only exception to the above is on trash day or the night before, when said trash may be set out for collection. In order to avoid undue problems with the operation of the sewage treatment plant, all trash, garbage and kitty litter must be disposed of in the above manner.

19. A Sewage Treatment Plant: "STP" is constructed on property owned by the Association. The provisions of these Covenants apply and are enforceable regardless of ownership of the STP. Each DMH, modular home or stick built home must dispose of all its sewerage through this STP. The Association or its assignee must permit each owner to utilize this STP, upon compliance with its Rules and Regulations and prohibitions, upon complying with all governmental requirements, and upon payment of sewer fees charged, those fees not to

exceed those allowed by law.

20. Membership: Membership in the Association shall be automatic upon acquiring ownership of a Lot, provided that mortgagees and trustees under deeds of trust shall not be a member. Likewise upon conveyance of said Lot, the membership of that conveying Owner shall terminate automatically.

21. Assessments: There shall be paid by each Owner (for every month during which the Lot is owned) to the Association, assessments for the purpose and subject to the conditions as follows:

A. Common Area maintenance which shall include (but is not limited to) the electric bill for power used for lights in the Common Areas and street lights elsewhere in this subdivision, for maintenance of the grounds and buildings of the Common areas.

B. Sewer fee at an amount to be set from time to time.

C. The Board shall have determined and shall have given written notice to the Owners of the annual assessment affixed against each Lot for the following fiscal year no later than August 15. In determining the annual assessment for each fiscal year, the Association, shall estimate the common expenses. In determining the cash requirement, they shall include a reasonable amount for contingencies, replacement and maintenance item not performed annually and shall deduct any expected income and any surplus from the prior year's fund.

D. In addition to the annual assessment, the Board may levy special assessments in any fiscal year for the purpose of supplementing the annual assessments if the same are inadequate to pay the common expenses and of defraying, in whole or in part, any unforeseen expenditure; provided, however, that any such special assessments shall have the consent of the majority of the votes of the Owners.

22. Assessment Due Date: Each Owner shall pay the monthly assessment by the first of each month. The monthly assessment shall be a lien against the Lot owned if it is not paid within ten (10) days of the date due.

Each monthly assessment, in addition to being a lien against the Lot, shall be a personal obligation for every Owner of the Lot in question. If such assessments are not paid when due, the party owed may proceed in court to make this collection and court costs and reasonable attorney fees shall be added to the assessment, to be paid by the defaulting owner.

23. Motor Vehicles: All motor vehicles, including recreational vehicles, kept in the Planned Community shall be registered to a resident of the Planned Community. Licenses, insurance, and inspections shall be kept current. No Lot Owner may maintain more than two (2) motor vehicles on any Lot. Said vehicles must be parked in the Owner's driveway or garage and not in the yard or on the street. No repair work lasting more than eight (8) hours may be performed on any vehicle on any Lot. When working on vehicles in their driveway, Owners must take precautions to protect against fluids leaking onto their driveway. All motor vehicles must be operational and have an approved muffler. No boat or trailer may be maintained or stored on any Lot. No motor bikes, motorcycle, trail bikes, ATV's or other powered bicycles may be ridden in

the Planned Community, except for guests arriving and departing on motorcycles.

24. Written Approval: Nothing authorized or permitted under these Covenants upon the approval of the Board or the SICC shall be deemed to be approved unless that approval is so indicated in writing.

25. Enforcement: These Covenants may be enforced by the Board directly, or through the SICC, or by any owner through the established complaint process. This enforcement may be through the courts. Any court action required to enforce the Covenants shall entitle the plaintiff to recover court cost and reasonable legal fees for services rendered in this enforcement.

26. Drainage: If any Plat shows by broken lines, marginal notations or otherwise the existence of a drainage area, the Board has, and shall retain after conveyance of the Lots over which the drainage area extends, a permanent drainage easement for passage of water at the same place, route and grade. Further, the Board may subsequently, from time to time, go onto the drainage area to inspect, replace, repair and maintain the drainage area; however, the Board is not required to do so.

The topography of the land in Riverwind is critical for drainage purposes, and it may not be altered without written consent of the Board or the SICC. If the topography is changed by nature or man, the Board reserves and has the right to access the Lots in question and alter the drainage, but the Board is not required to do so.

27. Access Road: No portion of any Lot may be used as a road, route, easement or right-of-way to permit access from any road in Riverwind to any property located outside this subdivision, without the written consent of the Board.

28. Transfer of Ownership: Each Owner shall immediately report to the Board any conveyance of his Lot. The Owner shall report to the Board the name and address of the transferee of the Lot.

29. The Spirit of Riverwind: Riverwind is a community of persons who are age fifty-five (55) or older. This age restriction provides an environment where close friendship may be fostered in a number of ways including close proximity of homes, the lack of fences and barriers, and an active Social Committee with many activities. The spirit of Riverwind is shared with many individuals with varied background but with the common bond of being age fifty-five (55) or older.

For the above reasons, residency/occupancy is restricted to persons age fifty-five (55) or older. Certain exceptions, upon appropriate notice to the Board, are considered compatible with the goals and spirit of our community as follows:

A. A younger spouse or partner of a resident age fifty-five (55) or older including a younger spouse or partner who survive residents who are fifty-five (55) or older.

B. A legitimate caregiver responsible for providing medical care or other private assistance for a resident living with a serious medical condition or bereavement.

C. Any immediate family member of a resident age fifty-five (55) or older, with a legally recognized disability or serious medical condition as defined by Federal or State law and who is in need of care by the resident.

D. Any immediate family member who may be under the age of 55 in need of temporary residency may stay for a period not to exceed thirty (30) days, after which time, approval must be sought from the Board.

E. Visitors who may be under the age fifty-five (55) and visiting for a period not to exceed thirty (30) consecutive days and not without reasonable intervals between visits. Intervals to be determined by the Board.

F. All circumstances that the Board deems good cause to support an exception to the fifty-five (55) or older requirement.

30. Severability: In the event any paragraph or any portion of these Covenants is found to be contrary to public policy, or unenforceable for any reason, then the remaining portions of the Covenants shall continue to be enforceable, each of these Covenants being deemed to be severable.

31. Future Development: Areas from any source (developer, realty acquired in any manner, areas designated or re designated) should be identified and secured by the Board on behalf of the Community.

No pets may roam freely in Riverwind. Residents should not intentionally feed dangerous wildlife, such as bears, or stray domestic animals, such as feral cats.

**Whenever such pets leave the owner's dwelling they must be restrained by a leash and under the control of the pet walker,** and all animal droppings which occur must be immediately collected by the dog pet walker. Pools, plastic wading pools, fences and hedges over two (2) feet high with the exception of those which screen fuel storage tanks, are not permitted. However, when a lot borders a public road, and only in such cases, the Lot Owner may ask for Board of Directors approval to erect at their own expense a fence on that portion of their lot line that abuts the public road.
